REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The claims are allowable over the prior art of record in view of applicant's argument that the phrase "infinite switch" should not be defined to mean an infinitely variable control, but instead should be defined to mean an infinitely variable control which includes an internal heater which causes the cycling of internal contacts by heating bi-metallic material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
